Senate Passed School Bill to Hit House Snag

By JOE HALL
WASHINGTON (AP) — President Kennedy's \$2.55 billion public school aid bill, having vaulted the Senate handily, heads today into an expected bitter showdown in the House.

The Senate passed the measure Thursday night 49 to 34, climaxing eight days of debate. It is one of the "big five" bills in Kennedy's 1961 legislative program. Its supporters said today they expect the school bill will clear the House by a slim margin, although it may be trimmed before it passes.

All in all, federal aid to education advocates believe this is the best chance they have ever had to get such legislation enacted.

The bill's Senate sponsors were a little disappointed in the final vote. It was lower than they had expected because of many absentees.

The tally would have been 59-41 if all 100 senators had been present to vote their announced positions. As it was 41 Democrats and 1 Republican voted for it, 22 Republicans and 12 Democrats against it.

A similar bill has been approved by the House Education and Labor Committee. It may reach the floor in the week of June 4.

Even if the bill gets through the House, its sponsors concede that the funds for teacher salaries provision may be knocked out.

If this should happen, the basis for a possible compromise was laid in Senate debate. The bill, as it reached the Senate floor, made the grants available for teachers salaries or school construction.

A floor amendment, accepted by the administration, broadened this to include spending for such operating expenses as school buses, textbooks and libraries.

The bill passed by the Senate authorized \$850 million a year in grants for the next three years to try to help states equalize educational opportunities.

It also extends for three more years the impacted area program of aid to school districts with enrollments swollen because of nearby federal installations. Payments under this program next year are estimated at \$10 million.

The grants in the general school aid bill would be paid on a sliding scale, the poorest state getting three times as much as the richest.

Texas would get the largest amount of annual aid, \$57,967,084. Nevada the smallest, \$1,038,379. The largest per pupil allotment would be \$27.74 for Arkansas, Mississippi and South Carolina, the smallest \$9.25 for Connecticut.

Missile Site Disputes Up to Commission

WASHINGTON (AP)—The government announced today a labor-management pledge against any further strikes or other labor problems delays on the nation's missile-site sites.

President Kennedy hailed the commitment by the AFL-CIO and leading missile-space contractors and manufacturers as signaling full speed ahead on the programs.

Kennedy issued an executive order establishing an 11-man "Missile Sites Labor Commission," made up of representatives of the government, labor unions, and management.

"This action," Kennedy said, "will have a most salutary effect upon our effort to move forward quickly in these fields so imperative to the national interest."

"Avoidable delays in these programs are too expensive a luxury for this country to afford."

The labor-management pledge was announced at a news conference by Secretary of Labor Arthur J. Goldberg on his return from the White House where Kennedy continued on Page Four

Phone Co. Asks to Borrow Cash

LITTLE ROCK (AP) — The Hardy Telephone Co. today asked the Public Service Commission permission to borrow \$260,000 to install dial exchanges at Ash Flat, Cherokee Village and Viola.

U. S. Charges Ark. Milk Association

LITTLE ROCK (AP)—The federal government has leveled conspiracy in restraint of trade charges against the Central Arkansas Milk Producers Association, Inc., which sells raw milk to milk processors in five states.

The Federal Trade Commission Thursday named CAMPA and David L. Parr, its secretary-manager, in a complaint alleging they conspired with unidentified processors to restrain or eliminate competition in production and sale of milk in Arkansas, Louisiana, Texas, Oklahoma and Missouri.

The organization's membership includes about 1,500 dairy farmers in the states.

Parr, the joint respondent in the suit, was away from Little Rock and not available for immediate comment. He was described as being in active charge of the association's operations.

The complaint alleges the processors have been forced into agreements to buy all their raw milk from CAMPA as "the result of threats and intimidations by respondents."

The complaint added a charge that independent local dairies were discriminated against in favor of national or regional dairies.

The commission said processors were forced to buy raw milk at prices higher than those established by the Agriculture Department. It added that some were threatened with being driven out of business if they didn't buy all their milk from CAMPA, and some were charged higher prices than others.

Another section of the complaint said that the company and Parr had violated federal anti-trust laws by charging different prices to competing purchasers. It said some Arkansas purchasers have been favored with a price advantage of about 20 cents per 100 pounds.

The FTC probably will hold a hearing on the charges and, if the allegations of the complaint are sustained by an FTC examiner, a cease and desist order can be issued. Violation of such an order can mean a fine of \$5,000 for each violation.

House Group Approves Housing Bill

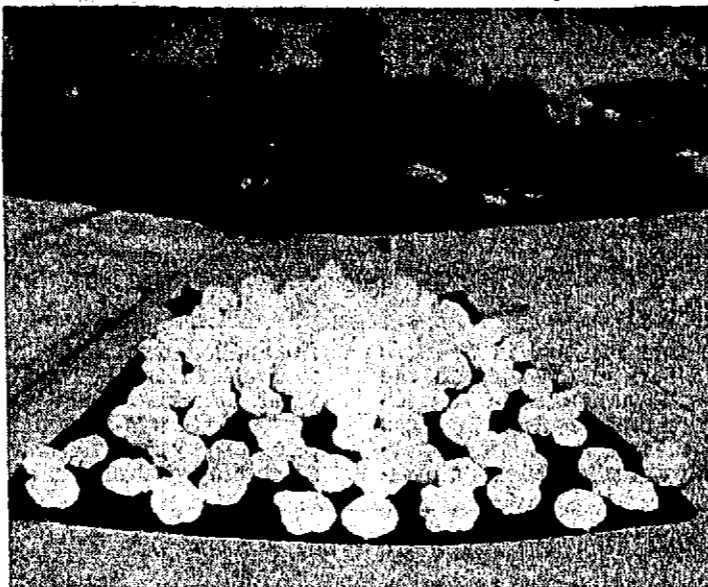

WASHINGTON (AP)—A multi-billion-dollar housing bill along the lines laid down by President Kennedy was approved today by the House Banking Committee in what was described as a straight party vote.

Republicans said they will keep fighting to trim the measure when it reaches the House floor. They estimated the ultimate total of claims on the Treasury under the bill at \$9 billion. Democrats said it would be less than \$5 billion. Republicans contended Democratic majorities on the House Banking Committee and its housing subcommittee had added some \$2 billion to Kennedy's proposals.

The bill includes such key Kennedy recommendations as no-down payment 40-year Federal Housing Administration insured mortgages on low prices houses; additional public housing up to about 100,000 units and a very greatly liberalized provisions for FHA home improvement loans.

It also would allow the FHA in effect to cut interest rates by 1½ per cent by reducing its premium charge that much. Other provisions would add \$500 million to funds for community facility programs with interest rates cut; reduce down-payment requirements on houses costing \$13,500 or more set up a four-year \$300 million a year college dormitory loan program extend farm and rural housing programs with an additional \$200 million and authorize grants up to \$100 million for state and local authorities to acquire park and other open space land.

Grand Jury Adjourns Until June

The Hempstead County Grand Jury which is currently investigating the affairs of county officials adjourned last yesterday until June 19, after a two-day session. It was the third meeting of the group this month.

For the past two days the Jury went over a special audit which was made available to them by a citizens group and 20 or more witnesses were examined.

Although the probe is centered on the activities of former County Judge U. G. Garrett, every county office and official is under investigation.

The special audit was paid for by the Citizens' Committee which is headed by B. W. Edwards who has filed two suits against Mr. Garrett. A third suit against him was filed by Monroe Kent, a farmer. All three suits call for the return of certain equipment which the county purchased and which was allegedly disposed of illegally by the former judge.

The jury was called into session by Judge Lyle Brown. In its first meeting Prosecuting Attorney Royce Weisenberger asked that James H. Pilkinton, attorney for the Citizens group, be appointed as his assistant during the jury session. This was granted.

Negro to Follow Sister's Footsteps

LITTLE ROCK (AP) — Bolden Eckford will follow in the footsteps of an older sister next fall when he and four other Negro boys integrate all-white Technical High School.

His sister, Elizabeth, was one of the "Little Rock Nine," the Negro pupils who first integrated Central High School in the stormy days of 1957.

And while the other eight Negroes came in a group, Elizabeth faced the mobs around the school alone and waited by herself at a bus stop near the school, ignoring taunts and jeers.

Elizabeth was reassigned to Central in 1959, when high schools reopened after having been closed a year against integration, but she did not attend that year. She had completed her high school work in Chicago.

Bolden, 15, is one of 49 Negroes assigned to integrated schools by the school board Thursday night. He and his four companions will be the first of their race to attend 160-student Tech.

Bail Expected for Eleven Integrationists

MONTGOMERY, Ala. (AP) — Four white college professors—including the Yale University chaplain—and a Negro student, among 11 integrationists jailed for challenging bus depot segregation, were expected to seek release on bond today.

Their attorney said \$1,000 bond each would probably be posted by the Rev. William S. Coffin Jr., the Yale chaplain; the Rev. Gaylord B. Noyce, assistant professor at the Yale Divinity School; Dr. David E. Swift, professor of religion at Wesleyan in Middletown, Conn.; Dr. John B. Maguire, assistant Wesleyan professor of religion, and George B. Smith, Negro student at Yale.

The attorney, Charles Conley, said the five have commitments at school. He said the other six may remain in jail until a hearing set for June 16 before Judge Alex Marks in the County Court of Common Pleas.

All 11 integrationists, including three of the South's most widely known foes of racial separation, were charged with committing a breach of the peace for trying to cut at the white lunch counter in the Trailways bus terminal Thursday.

Negro leaders held in jail were the Rev. Ralph D. Abernathy, president of the Montgomery Improvement Association; the Rev. F. L. Shuttlesworth, head of the Alabama Christian Movement for Human Rights in Birmingham, and the Rev. Wyatt T. Walker of Atlanta, executive secretary of the Southern Christian Leadership Conference.

"Freedom Riders" intensified their assault on segregation both in and out of court, with some of their leaders in jail and another ambushed by rifle fire.

UA Estate Share to Be Thousands

FAYETTEVILLE, Ark. (AP) — The University of Arkansas' share of the estate of the late Discobolus Hindman probably will be several hundred thousand dollars, Jim Pomfret, vice president for finance, said today.

The university will get all that is left of a trust fund after \$400,000 is spent for Arkansas memorials to Hindman's father, Confederate Maj. Gen. Thomas G. Hindman.

Pomfret said university officials had decided to state only that the bequest would be a "substantial amount." They do not want to give the exact amount of the trust fund at this time, he said, because it might change before the money is disbursed in March of 1963.

Discobolus Hindman died in 1935. His will set up a trust fund for his widow and stipulated that two years after her death \$250,000 would go to Helena and \$50,000 to the city of Little Rock for memorials to his father and \$100,000 would be given for a memorial at the Prairie Grove Battlefield, where his father fought.

Mrs. Hindman died last March 12.

Sees Negro President in Few Years

WASHINGTON (AP) — Atty. Gen. Robert F. Kennedy said in a broadcast beamed overseas today that racial prejudices are being broken down in this country and a Negro could be president within the next 30 to 40 years.

The attorney general made a Voice of America broadcast from his office to tell the world what the federal government has been doing about recent racial violence in Alabama.

His words were carried to more than 60 countries around the globe through the facilities of 39 radio transmitters in 13 locations in this country and elsewhere.

Translations were superimposed over his voice in delivery of the talk to 37 different language areas.

Speaking extemporaneously, the 35-year-old attorney general told his vast audience that prejudice exists in all areas of the world and probably will continue to exist.

"But we are trying to make progress," he said. "We do not accept the status quo."

Kennedy recalled that his grandfather arrived in Boston only 50 years ago as an Irish immigrant at a time when "the Irish were not wanted there."

Referring to his brother, President John F. Kennedy, the attorney general said: "Now an Irish Catholic is president of the United States. There is no question that in the next 30 to 40 years a Negro can be president, also."

Can Spend Money Quickly, Ford Says

LITTLE ROCK (AP)—Any money Arkansas may get under the federal educational aid bill which passed the Senate Thursday can be spent as soon as it is received Education Commissioner Arch Ford said today.

The 1961 Legislature took action in anticipation of such a bill. It appropriated \$11 million for the first year the money is available. Ford estimated that Arkansas would get near this amount plus possibly another \$2 million in depressed area funds.

7 Persons Dies in a Auto Wreck

SAFFORD, Ark. (AP)—A splintering two-car crash on a desert highway killed seven persons and injured one Thursday night—including six teenagers going to a high school graduation dance.

The tragedy stunned this southeastern Arizona town of about 4,500.

A crowd of about 200 gathered at the Safford Hospital—where the injured and dying were brought—and later at funeral homes.

The Arizona Highway Patrol said the youngsters—seven in a car—pulled out from a dirt road onto U.S. Highway 666 about 10:30 p.m., and were hit by Wayne Wamsley, 33, Pima, Ariz. Wamsley, a farm equipment operator, was killed.

Highway patrolman Everett Hall estimated Wamsley's car was traveling at about 70 m.p.h. the other car was going at low speed. He said he could not determine whether the youngsters' car had stopped before turning onto the highway.

The youngsters had just attended the Safford High School graduation of schoolmate Jerry Goodman, 17, son of Graham County assessor Bob Goodman.

They were driving to an Elks' Club dance in Jerry's sedan when they collided with Wamsley's car. The other dead were Wade West, Ivan Bryce Allen, Joan Robinson, Berta Bigler and Kay Fyffe. All were 17—but Jerry Goodman was the only graduate in the group.

The only survivor in the teenagers' car, Johnny Johns, 17, was hospitalized with minor injuries.

Must Battle Communism, President Says

WASHINGTON (AP)—President Kennedy asked Congress today for a drastic overhaul of the foreign aid program, a \$4.75 billion aid effort for next year and a multi-billion loan system for future years.

Kennedy said the proposed long-range program is of "paramount importance" for protection of the free world against the Communist threat.

"The President made his proposal in a letter to Congress transmitting the legislation he wants enacted."

A number of influential legislators have shown coolness to parts of the Kennedy package, however, and what type of bill Congress will finally approve remains uncertain.

In what would be the most drastic shakeup since the aid program got under way on a large scale after World War II, Kennedy proposed establishment of a single aid organization combining previously separate units.

The new master aid agency would be called A.I.D. (The Agency for International Development). Its head would have under-secretary of state rank and would report to the secretary of state and the President.

Under Kennedy's bill arms aid would be separated from economic aid in the future, and would be treated as part of the regular U.S. defense budget.

Kennedy set out these figures for the program in the fiscal year starting July 1:

Alarmed by the high disease rate spawned in Tehran's antiquated water supply system, Iran appealed to the United States for help. With the assistance of International Cooperation Administration technicians, Tehran has banished the chain of open ditches, photo at left, supplying two million inhabitants with water for drinking, bathing and laundry. Replacing it is a modern system. Water is diverted from the Karad River, run through a filtration plant, chlorinated and piped, right, through the capital. Cost to U.S. was \$2 million, to Iran \$48 million—a small price to pay for inestimable health benefits to this and succeeding generations of Iranians.

World Copter Record Is Set

BLOOMFIELD, Conn. (AP) — A world helicopter altitude record was claimed today by Kaman Aircraft Corp.

An Air Force H43B "Huskie" chopped its way up to an unofficial 25,814 feet.

This bettered the previous Soviet record of 24,491 feet, established March 26, 1960.

Today's mark was a "class" record—all copters, regardless of size, are eligible. The hauling of a 1,000 kilogram (2,205.5 pound) payload to altitude is required.

At the controls was Capt. Walter C. McMeen, 34, of the Tactical Air Command at Luke Air Force Base, Ariz.

It took the craft designed for Air Force crash-rescue missions, about one hour to reach its top altitude.

As in all tests, today's record won't be official until approved by Federation Aeronautics Internationale.

Negro Shot to Death at L. R.

LITTLE ROCK (AP) — Louis Scott, 52, a Negro, was shot to death Wednesday night and a Negro woman, Dorothy Lawrence, 27 was arrested for questioning.

Officers said Scott was found lying on the ground near the woman's house. She told officers Scott was in the house when he heard someone near his car and went to investigate. She said she saw a flash from a gun when he got about 15 feet from the house.

Bear Problem at Conway

CONWAY, Ark. (AP)—Faulkner County's mysterious bear may be Conway County's problem now.

Ralph R. Harrell reported earlier this week that he found bear tracks and bits of bear fur near Palarm. Then came a report of bear tracks near Mayflower. And today Kenneth Fortner said he had found a bear print at Gleason, near the Faulkner-County line.

This would indicate, bear hunters said, that the animal—which no one has seen—is moving north into Conway County.

Baptists Name Arkansan

ST. LOUIS (AP)—Donald L. Williams of Fort Smith, Ark., has been appointed to fill a vacancy as assistant professor of Old Testament at the Southern Baptist Seminary at Louisville, Ky.

WHAT'S (YAWN) NEW?—Only a few days old, but the space age bores him. And with such a distinguished name —Alan Shepard Mann. He's the son of Mr. and Mrs. William J. Mann and was born in Middletown, N.Y., less than an hour after Cmdr. Alan Shepard completed his space flight.

Wolf, 56, is her manager. Tiny, whose real name is Helen Magdelaine Pekar, wore slacks.

Tomcat Wants a Night Out

ALAMEDA, Calif. (AP) — Herman, a romantic tomcat, is going to court again to see if he can't be granted one night out of the house each week.

Herman's owner, Mrs. Russell Bowler, said the court order confining him to quarters should be relaxed. She said he is becoming neurotic. So she took him to the bank Wednesday and had him put his paw print on a check for \$50 to pay his attorney, John Paul Jones.

Herman's defense fund derives from contributions sent by cat lovers from Japan, Germany, France, England and throughout the United States.

His first brush with the law was when his neighbors sued his owner because of alleged trysts against the prowling.

Wire, Courage Turned Trick

FEEMAN SPUR, III. (AP) — A mile of wire and a wealth of courage enabled Dennis Barnett to graduate Wednesday night as valedictorian of his class, although he hasn't been to school in years. Dennis' arms and legs are affected by a paralytic form of rheumatic fever. When the 13-year old boy became bedridden in 1959, Freeman Spur residents chipped in \$600 to string a tele-

phone line from his house to the school a mile away. Dennis learned by wire.

He hopes to undergo special treatment in Hot Springs, Ark., this summer, which may enable him to attend high school. If he can't, his friends may extend the telephone line four miles to the high school.

DOROTHY DIX

Family Terrorized By FATHER

By HELEN WORDEN ERSKINE

Dear Helen: The person I'm writing about shouldn't exist but does, that's why his family want to know what to do about him. He reads your column and often quotes you, so please print this.

The person is my father-in-law. He is forever angry at one or more members of his family: wife, sons, daughters (he has eight children), grandsons, granddaughters and in-laws, including me.

He remembers only the bad about everyone but himself. I could write a book on the evil he has done. Right after his first child was born he put the baby and mother with all their clothes out in a blizzard to walk the seven miles to where the mother's family lived. He sent two of his sons out in a blizzard to collect fence posts with the intention that they wouldn't come back. What can be done? Don't say appeal to our minister. My father-in-law would throw him out bodily. —HELP US!

Dear HELP US: There is only one way to treat such a brute: walk out, all of you. If it's a question of money, pitch in and help one another. Say nothing, just go. Once you are established elsewhere, resort to court action, if necessary.

Dear Helen: My 11th grade high achievement U. S. history teacher is driving me to tears. All year he has piled on the homework out of college level texts.

This I have stood, even receiving an A at the semester. But I become very upset when he is disappointed in me and uses the words "God dam" and "hell" so abusively. He acts like a child, shouting that he intends to help me achieve my goal—a career in foreign diplomacy, in spite of myself. We all fear him. They say he likes people who stand up for their rights. Should someone call his bluff? —Seventeen

Dear Seventeen: This being near the closing of school, every-

body's nerves, including teachers', are on edge. Be thankful he cares enough to fuss out his students when their grades aren't up to par. So long as you get A's and know your U. S. history, it's worth the strain. Be patient.

Dear Helen: My husband and I feel that a child's birthday should be his own private, special day but the in-laws ignore our objections and give presents to the other children in the family, too. The children also receive numerous gifts from them throughout the year which we do not object to, though we think it unnecessary.

This year, simply for the sake of competition, my parents have begun bestowing the extra gifts. They do not do this for my sister's children and I am concerned that she will hear of it and will be hurt. There is already enough bad feeling between the two families for other reasons. Shall I remain silent or insist that this practice stop? —M

Dear M.: Certain European countries have a birthday custom which we would do well to observe. Instead of receiving presents on their birthdays, they give them. Encourage your little boy to make not himself but others glad he was born. See that he remembers your sister's children on his birthday. Rejoice with him that the grandparents celebrate it by giving to others. Under no circumstance, criticize them. A generous impulse should never be suppressed. General Eisenhower once said that the greatest sin was selfishness. I agree.

ney signed the executive order. The order does not call for compulsory arbitration, but does provide that the commission may seek agreement for binding arbitration.

Kennedy named Secretary of Labor Arthur J. Goldberg chairman of the commission and William E. Simkin, director of the Federal Mediation Service, vice chairman.

Nine other members are equally divided among representatives of the public, labor and management. The public members are David L. Cole, former president of the National Council of Arbitrators; John T. Dunlop, professor of economics at Harvard University, and David Stowe, an arbitrator of labor-management disputes.

Labor members are George Meany, president of the AFL-CIO; Cornelius J. Haggerty, president of the Building and Construction Trades Department, AFL-CIO, and Walter P. Reuther, president of the Union Department, AFL-CIO and also president of the United Auto Workers.

Management representatives are James D. Marshall, executive director of Associated General Contractors; Edgar F. Kaiser, president of Kaiser Industries, Inc., and Douglas V. Dorman, vice president and director of labor relations of the Martin Co.

White House press secretary Pierre Salinger said Kennedy drafted the executive order in consultation with Goldberg. The commission is given authority to lay down policies and procedures for adjusting disputes which threaten to delay space and missile programs.

100 May Die Memorial Day

CHICAGO (AP)—The National Safety Council estimated today as many as 100 persons might be killed in traffic over the Memorial Day holiday.

The estimate, which the council stressed was not a prediction of that many deaths, covers those occurring in the 30-hour period between 6 p.m. local time Monday and midnight Tuesday.

The last one day Memorial Day holiday was in 1957 when the traffic death toll was 94. The 15-year high for a comparable Memorial Day holiday was 109 in 1956. The low was 81 in 1951.

Asks Police to Curb All Agitators

LITTLE ROCK (AP)—Circuit Judge Henry Smith of Pine Bluff called on the Arkansas Peace Officers Association Thursday to curb any racial violence that might be created in Arkansas by outside agitators.

He said he would take any measure to keep the peace in his district—even calling in federal troops.

He referred to recent racial disorders in Alabama and indicated that "freedom riders" could come to Arkansas. "I don't have any more sympathy for these people than you do," Smith said. "If those kids had been greeted with silence, they'd be back in Tennessee today."

He called on the people to cooperate with the officers in trying to keep the peace. "My hope is that these little riots can be stopped so we can stop throwing into tailspins the plans of those who are trying to direct our national and international affairs."

"When eight or 10 brats can throw this nation into a tailspin every few weeks, we've got trouble at home and we'd better think about it," he said.

Prior to adjourning, the association lined up with backers of Gov. Orval E. Faubus' proposed \$60 million state construction bond issue.

The resolution said that unless the bond issue is approved, a new tax program will have to be instituted.

Such an alternative would not provide for immediate needs of institutions for which the bond program allocates construction funds, the resolution said.

Aubrey Fowler, head of the Arkansas Game and Fish Commission's enforcement division, was elected president of the association. He succeeds Ray Vick, North Little Rock police chief.

Elected vice presidents were Pulaski County Sheriff L. C. Young, Conway County Sheriff Marlin Hawkins, and Billy Woodard, director of the Arkansas Revenue Department's Vehicle Division.

Church Takes Up Religion Harassment

ST. LOUIS (AP)—Southern Baptist Convention action is expected today on a resolution urging the United States to withhold military and economic aid from nations denying "full freedom of conscience and worship."

The resolution, introduced Thursday by the Rev. J. Edwin Hewlett of St. Louis, urged President John F. Kennedy to use his influence and the power of his office to "help end Catholic harassment and persecution" in Spain and other countries "including the opening of Baptist and other non-Catholic churches closed by Catholic action."

The Rev. Mr. Hewlett is pastor of Southwest Baptist Church here and secretary of the St. Louis chapter of Protestants and Other Americans United for separation of church and state.

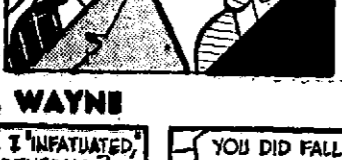

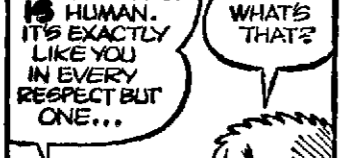

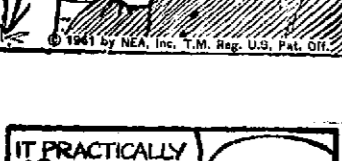

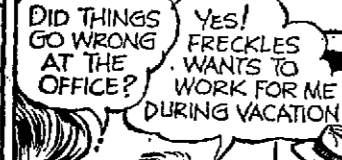

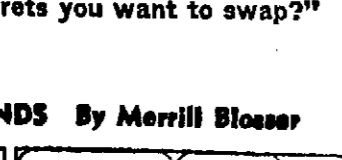

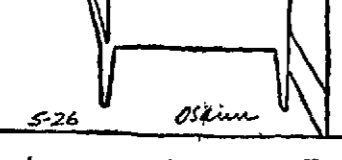

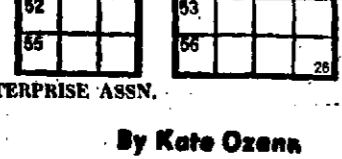

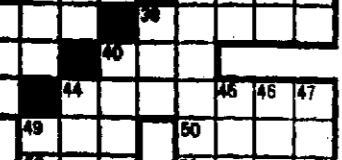

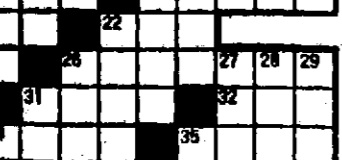

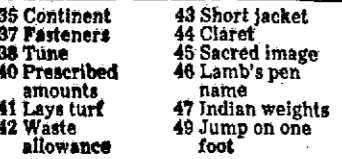

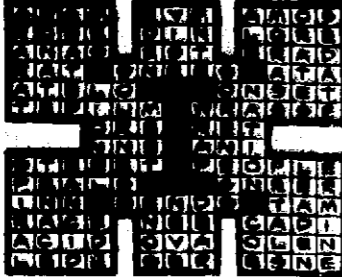

The Rev. Roland Q. Leavell of Jackson, Miss., was elected first vice president of the Convention Thursday.

The group passed a resolution praising President Kennedy's stand against aid to church schools.

Foy Valentine, of Nashville, Tenn., executive secretary of the Christian Life Commission, called on Southern Baptists to "show Christian love instead of racist hate and Christian courage instead of cowardly conformity."

Ford Wins 6th in Row; Cards Lose to Bums

EDITORS — Because there was only one National League game Thursday night we do not plan separate National and American League roundups for Friday PMs. A combined major league roundup follows.

By ED WILKS
Associated Press Sports Writer

The three-hit pitching of Sandy Koufax and a seventh-inning home run by Tommy Davis gave the Los Angeles Dodgers a 1-0 victory over St. Louis Thursday night in the only National League game played. Cleveland trimmed Detroit's American League lead to 3½ games by beating the Los Angeles Angels 13-6 while Minnesota dropped the Tigers 7-6 in 11 innings.

Southpaw Whitey Ford won his sixth in a row as third place New York beat Boston 6-4. Baltimore rapped the Chicago White Sox 6-4 and Kansas City defeated Washington 4-3, for winless Dick Donovan's fifth one-run defeat, in the other AL games.

Only two other games were scheduled in the National-Pittsburgh at Chicago and Philadelphia at Milwaukee — both were rained out.

Koufax, now 5-2, struck out eight, walked but three and allowed nothing but singles. Bob Gibson (2-1) was the loser. The Yankees took a 5-0 lead in

Barker and Wilson Hold Stroke Lead

JONESBORO, Ark. (AP) —Pete Barker and Sug Wilson hold a narrow one-stroke lead in the second and final round of the Buick Memorial Pro-Am golf tournament here today.

They shot 18 final holes today, and the low amateurs make up the championship flight of the Buick Amateur tourney, which opens Saturday.

Barker and Wilson had a best-ball 64 Thursday, edging three teams which shot 65s. They were David Cupit of Magnolia and Sonny Methvin of Little Rock, Sam Reynolds of Lewis Hutcheson of Springfield, Mo., and Peto Fleming of Hot Springs and Bud Buzick of Jonesboro.

Low amateur was Ham Carrothers of Jackson, Miss., with a 68. Low pros Thursday were Barker, Fleming and Earl Mitchell of Fort Sil, Okla., with 68s.

A field of 75 is expected for the amateur, which ends Sunday. Amateurs not in the pro-am qualify today.

An electric eel delivers its maximum shock when both its head and tail are touching an enemy's body.

Two innings against Billy Muffet as Johnny Blanchard and Tony Kubek belted two-run homers. Whitey Ford gave up only five hits, but needed relief help from Luis Arroyo.

The Orioles got all six runs in the first two innings off loser Herb Score (1-2) and relievers Juan Pizarro and Frank Bauman. Steve Barber (6-2) was the winner, but needed reliever Hoyt Wilhelm to nail it.

Johnny Romano, Woody Held, Willie Kirkland and Bubba Phillips rapped homers for the Indians, who had 17 hits against loser Ron Moeller (0-4) and five relievers. Mudcat Grant (4-0) won it with relief from Barry Latman.

A double by Lenzie Green and a single by Jim Lemon won it for the Twins and beat Tiger reliever Jim Donohue (1-1). Detroit scored five in the first on homers by Al Kaline and Norm Cash and got the other run in the 10th on Billy Bruton's homer. Reliever Paul Giel won his first for the Twins.

Al Pilarcik's two-run single sewed it up for the A's in a three-run fifth off Donovan. Willie Tasby and Gene Green homered for the Senators' runs off Joe Nuxhall (2-1). Leo Posada of the A's was struck in the face by a Donovan pitch and was taken to a hospital for examination.

Trav Hurlers Are Finding Going Tough

By THE ASSOCIATED PRESS

The generosity of Little Rock pitchers is making it mighty hard for the fourth-place Travelers to make any headway in the Southern Association race.

Three Little Rock hurlers issued a total of 11 walks, 2 of them forcing in runs, Thursday night as the Travelers bowed to Chattanooga, 5-1.

Nashville outslugged Shreveport 11-4 in the rain-abbreviated Southern slate. Wet weather forced postponement of the Birmingham-Atlanta and Mobile-Macon contests.

In the past five games, Little Rock pitchers have given up 37 bases on balls, 10 more than their opponents. The Travelers touched Chattanooga as Bob Milo for a run in the first inning Thursday night on two singles and an infield out. Chattanooga, only half-a-game back of league-leading Birmingham, retaliated in the second on a two-run double by Bob Lipski.

A slick double-play with the bases loaded erased a Little Rock threat in the seventh. The fielding gem seemed to unnerve the Travelers' moundsmen who walked in two Chattanooga runs in the Look out half of the seventh. Lee Elia's second double of the night supplied the other Chattanooga tally.

Nashville's victory over Shreveport pulled the Vols to within 8 percentage points of the Sports in their battle for fifth place. Ev Joyner rapped in three Nashville runs with three hits. Teammate Ed Stogowski also collected three safeties. The Vols took an early lead, surrendered it briefly and put the game away with a five-run outburst in the eighth.

Negroes Held in Brutal Slayings

By ALAN LEVIN

PLAINFIELD, N.J. (AP)—The partly disrobed bodies of two socialites were found early today with the white Cadillac in which they had been abducted. One woman was strangled and the second was run over by the big car as she apparently tried to flee.

Several hours later police arrested two young Negroes and held them on suspicion of murder. Detective Daniel Hennessy said both denied any part in the crime but the officer said "They've both implicated themselves so far that they can't get out of it."

The dead were identified as Mrs. Elliot C. Ewell, 49, Westfield, the wife of the executive vice president of the Mack Truck Co. here, and Mrs. Robert Tyson, 50, Plainfield, whose husband is a New York stockbroker and also an executive with Mack.

The suspects are Lorette Parks, 22, Plainfield, and Joseph Maxey, 23, Dunellen. Both are employees of Dom's Auto Sales in Plainfield. Hennessy said the keys to the Cadillac as well as a wallet belonging to one of the women were found in Parks' pocket. He said both men came here recently from the South. Capt. Arthur Phillips tabbed the

LR Extends Integration to Jr. High

LITTLE ROCK, Ark. (AP)—

The Little Rock School Board, acting under the shadow of a federal court order to expand school integration, will desegregate four junior high schools and the city's last all-white high school next fall.

The board Thursday night assigned 25 Negroes to four of the city's five all-white junior high schools. At the same time, it upped from 11 to 24 the number of Negro students in once-white high schools and desegregated all white Technical High School.

Action on the assignments under state pupil placement procedures was swift and appeared routine. There was no discussion, but board member J. H. Coltrane Jr. voted against the motion to approve assignments at all school levels.

Board action came only four days before a U.S. District Court hearing under a ruling by the 8th U.S. Circuit Court of Appeals which suggested that Little Rock expand its desegregation efforts.

two as "definitely the men" sought in the double slaying.

Mrs. Ewell was found crumpled under the right front wheel of the car. Detectives said she must have been run down several times. Mrs. Tyson's body was on the floor in the back seat of the car. Articles of clothing were found in a field nearby.

Dr. Bernard Ehrenberg, Union County physician, called it "the most vicious crime I have ever seen." He said the women will be examined to determine if they had been assaulted sexually.

Two patrolmen discovered the car with the bodies in a small wooded lane in a Negro neighborhood. The lane deadends into a creek. Police were called by a cab driver, Wilbur Morris, who witnessed the abduction shortly after 1 a.m.

World Records May Go in Calif. Relays

By JACK STEVENSON
Associated Press Sports Writer

MODESTO, Calif. (AP)—World records ranging from the 100-yard dash to the four-mile relay go under fire Saturday night in the California Relays.

Dennis Johnson of San Jose State and Stone Johnson of Grambling hold the top hopes of lowering the 100-yard dash record shared by many at 9.3 seconds. Both have run wind-aided 9.2's already this year.

The hard clay track at the Modesto Junior College stadium, site of the relays, is rated one of the fastest in the nation, and it was here two years ago that Oregon's Roscoe Cook ran his 9.3.

Cook and his teammate, Canadian Harry Jerome, are expected to challenge the Johnsons in the century run.

Oregon's mile quartet of Dyrrol Burleson, Keith Forman, Vice Reeve and George Larson goes after the world record in the four-mile relay.

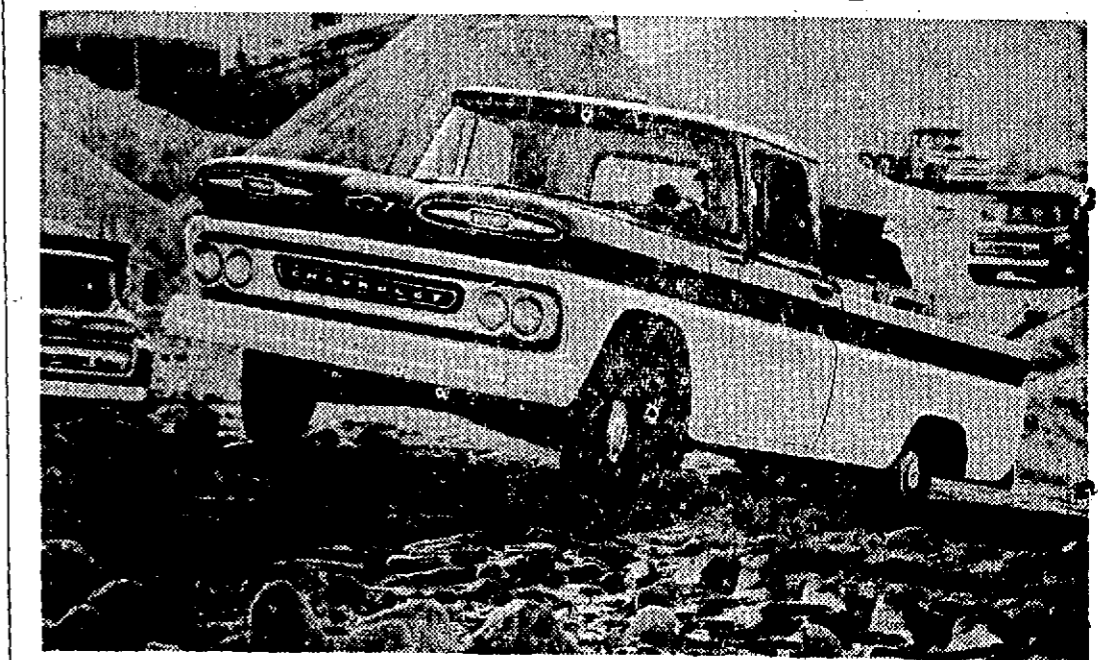

Western Michigan furnishes competition along with the Southern California Striders.

America's track queen, Wilma Rudolph, makes her first Northern California appearance. The triple Olympic gold medal winner from Tennessee A&I competes in two special races, women's 100 and 220-yard dashes.

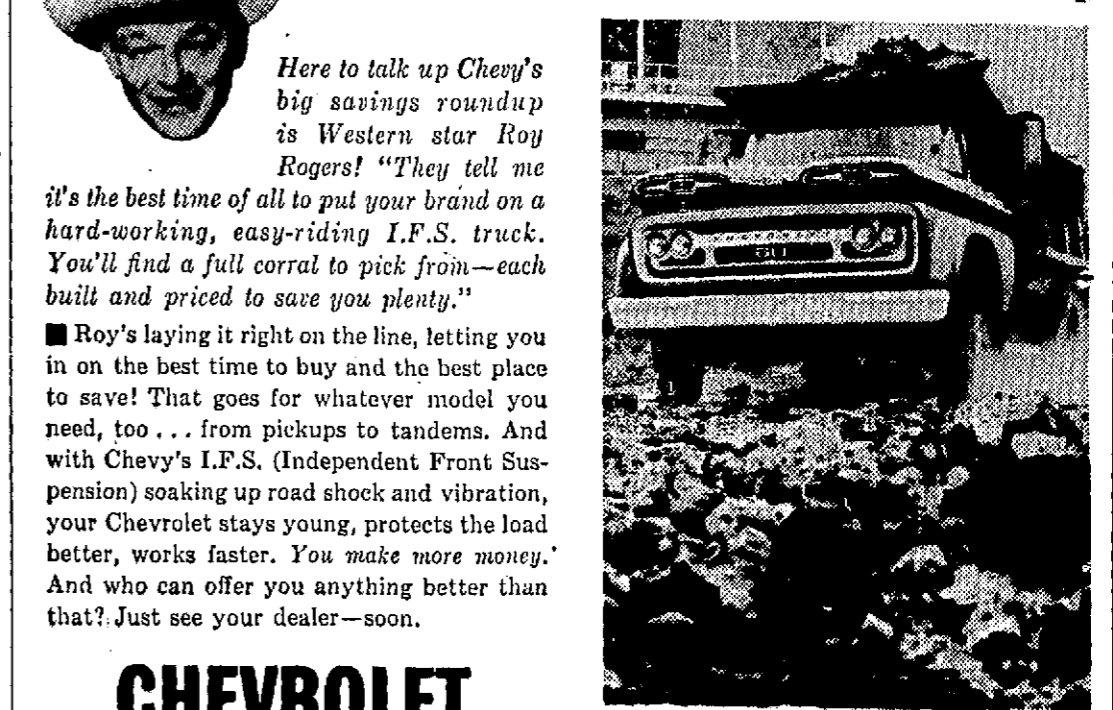

Her classmate, Ralph Boston, the world broad jump record holder, will compete both in that event and the low hurdles.

The pole vault field includes both Olympic champion Don Bragg and Oklahoma State sophomore George Davies who last week cleared 15-10½ to break Bragg's world record.
